SUBJECT : Item for your "4:00"

STAT

[] came up to see me today to advise that he had attended a meeting this morning which discussed the demonstration to be given on 19 October, from 11:30 to 1:30, by the people in wheel chairs, in conjunction with handicapped week. Paul will be providing the Fitness Room as a dressing room area for the wheel chair group who will average from between 9 to 12 people. Paul has also volunteered to loan athletic equipment if necessary. It is his understanding that the people in wheel chairs are athletes who will demonstrate various fitness techniques including:

a. Running - Plans are to have a course laid out around the building which the wheel chair people will cruise accompanied by Agency joggers.

b. Javelin Throw

c. Shot Put

d. Discus

e. Weight Lifting

Paul understands that this will take place on the lawn outside of the cafeteria where the Fire Prevention Week demonstration is held.
